## Surgical Headlights

### Fiber Optic Headlight

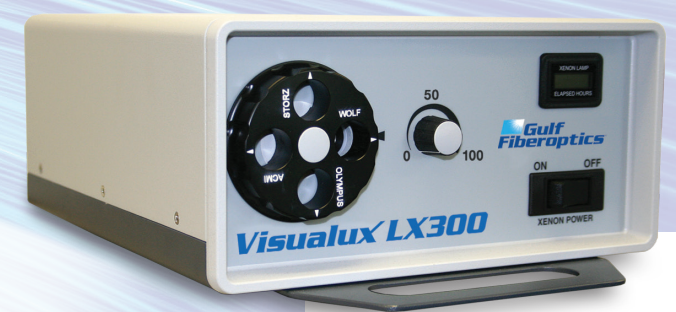

- **GMF-H100**
- 90 degree headlight module optimized for maximum light transmission
- 10-100mm variable spot size
- Lightweight, dual adjustable headgear
- Bifurcated fiber optic cable, 9 ft. length, Wolf with Lens proximal (other proximal selections upon request)
- Detachable, autoclavable joysticks (2)
- Set of detachable, black comfort pads
- Gown clips

### LED Headlight

- **GMF-LD01**
- 3 Watt LED headlight module
- Variable spot size
- Color temperature: 6500K
- Clip-on Li-ion battery pack
- 4 hour battery life
- Single or dual adjustable, lightweight headgear
- LED life 20,000+ hours

## Fiber Optic Light Sources

### Visualux LX300™ 300 Watt Xenon Light Source

- **GMF-LS01**
- Rotary turret accepts ACMI, Wolf, Storz, Olympus light cords
- Color temperature 6500K
- Adjustable intensity 0-100%
- External hours meter
- 500 hour lamp warranty
- Optional GMF-LSST rolling stand
- Power Input: 120/240 VAC 50/60Hz
- Safety Compliance: UL 2601-1

### Visualux LED™ Light Source

- **GMF-LS02**
- 80 watt HTI LED technology
- 50,000 hour LED module
- Color temperature 6000K
- Adjustable light intensity 0-100%
- Port options: Storz, Olympus, ACMI, Long Wolf
- Power Input: 120/240 VAC 50/60Hz

## Medical Grade Fiber Optic Cables

- Fibers drawn in house using highest quality raw materials for maximum light output
- Xenon compatible for highest level of thermal resistance
- Medical grade silicone and stainless steel components
- Sterilizable
- Fixed and universal connector options
- Custom cable design and engineering
- Laser engraving and private labeling available
- Surgical microscope cables for Zeiss, Leica and other brands

## Flexible Endoscope Light Bundles

- Gulf Fiberoptics is the world's leading manufacturer of OEM and aftermarket flexible endoscope fiber optics
- Custom design & engineering services for endoscope manufacturers
- Ready-to-install light bundles for third party flexible endoscope repair facilities
- Over 300 models to fit Olympus, Pentax, Fujinon, and other popular brands
- Most models in stock for same day shipping
- High performance bundles manufactured with small diameter, high transmission fibers and medical grade components
- Custom designs in as little as 3 days
